

Attention Connecticut Chiropractors

We Need Your Support NOW... to raise at least \$100K

ASHN's Legal Council has already taken action

Hiring strong legal counsel is not only necessary but costly

The outcome of such legal actions Can and Will affect the entire Chiropractic Profession

Thank you to all who have already pledged...Now it's time for you to pledge too

- Individual Chiropractors have stepped to the plate to fight for our profession with regard to these critical issues
- When an individual doctor fights for justice, we all benefit!
- All who are in receipt of this letter have benefited from the hard work of these doctors who have defended our professional rights
- This has led us to form the Chiropractic Legal Action Fund
These funds will be used exclusively for legal costs to defend chiropractic

We ask all Chiropractors to look at both their individual practice and chiropractic as a profession. What damage has (or can potentially) occur if nothing is done to protect us?

What would our forefathers have done?

We all need the courage and financial resources to continue this fight. For the future of your practice, get involved by making a contribution.

If you have any questions call us at (203) 410-1692

Board of Directors, Connecticut Chiropractic Council
